

We value your pet and want to ensure you that we will make every attempt to make your pet's grooming experience as safe and enjoyable as possible. During the grooming procedure, everyone's safety comes first, both the people and the animals.

You will only need to sign it once, and it will apply to all pets you already own as well as those you may acquire in the future. Please do not hesitate to contact us if you have any questions!

Thank you very much!

HEALTH OR MEDICAL ISSUES:

Grooming can sometimes reveal a concealed medical condition or aggravate an existing one. This might happen while grooming or afterward. Please notify us of any current or previous problems so that we can keep an eye out for them. When you check the box here, the pet's owner will bear all medical fees for veterinarian care.

I AGREE

Please state any health or medical issues that your pet has had or currently has.

Please list all medications your pet is currently taking, including how much and how often.

ACCIDENTS:

Although accidents are extremely rare when working with animals, they do occur. Grooming equipment is sharp, and while we employ extra caution and care in all cases, cuts, nicks, scratches, quickening of nails, and other issues are conceivable. When an animal is wiggling or moving around, this is most likely to happen. The safety and comfort of your pet is our first priority. In the unlikely event that an accident occurs, you will be alerted. If we believe the situation is critical and the owner is unavailable, we will administer immediate veterinary care.

I AGREE

AUTHORIZATION OF CPR IN THE EVENT OF A MEDICAL EMERGENCY:

In the event of a medical emergency while in our care, this release grants us full authority to provide medical attention, including CPR, in the event of a medical emergency.

I AGREE

VACCINES AND REQUIRED EXAM FOR NEW CLIENTS:

It is required that all pets be up to date on all vaccinations, and Rabies immunization is required in order to get grooming services. In addition to current vaccines, we also require an examination before allowing grooming services at our clinic.

***All of these precautions are necessary for the health and safety of your pet, as well as our staff. Grooming can be extremely stressful on a dog, so an exam is necessary to ensure your pet is healthy enough to endure a groom.

I AGREE

REFUSAL OF SERVICES FOR DANGEROUS OR AGGRESSIVE ANIMALS:

At any time, we reserve the right to refuse any service. We reserve the right to refuse grooming services, suspend grooming services, or cancel grooming services at any time before, during, or after grooming, and the client will be charged a grooming fee if your pet is too agitated or becomes unsafe to groom (for what was done up until that point).

I AGREE

INTERRUPTIONS DURING GROOMING SERVICES:

It is requested that you do not interrupt the groomer during grooming services for the safety of the animals being groomed as well as the professional pet groomer. Every attempt will be taken to groom your pet as safely as possible, but continuing to work on an eager pet can be dangerous. We kindly request that you return once you have received a call that your pet's groom is completed. Please contact us if you have any questions after dropping off.

I AGREE

MATTED COATS:

Animals with matted coats need special attention. Mats in an animal's coat can become so tight that they harm and tear the skin, providing a breeding ground for parasite infestations. By dematting, we will not cause your pet any major or

unnecessary stress. Mats can be tough to remove and may need shaving the pet. Due to skin growths trapped in the mats, removing a densely matted coat might result in nicks, cuts, or abrasions. Heavy matting can also trap moisture and urine near the pet's skin, causing mold, fungus, or bacteria to grow and cause skin irritations that were not present previous to brushing.

Itching, skin redness, self-inflicted irritations or abrasions, and hair failure are all possible side effects of mat removal techniques. Pets may also experience short behavioral changes in some situations. Grooming visits should be scheduled every 4-8 weeks for the best defense. By checking the box here, you realize that your pet may need to be shaved to remove matting, and that you understand the risks involved. This method will incur an additional fee because it is time intensive and causes additional wear and tear on grooming equipment.

I have reviewed this Service Contract for accuracy and understand the contents of this contract. I affirm that I am the rightful legal owner of the dog(s) for which services are being rendered. I authorize this contract to be valid approval for future grooming services, permitting us to accept telephone reservations for service without additional signed contracts or written authorization. I understand that pricing is subject to change. This agreement is valid for all pets that I currently own or will own in the future. I have read, and agreed to the above. I understand that checking this box constitutes a legal signature confirming that I acknowledge and agree to the above Terms of Acceptance.
